EDUHERMEX QUALITY

+ Reinforcement structure

Our furniture with casters are equipped with a metallic structure with reinforcement in the base for a big resistance and avoid the bulging of the last shelf.

+ Resistant castors

Very resistant castors, with brake of polyamide, with bandage in thermoplastic form support a weight of 50Kg each.

+ Ergonomy in our chairs

+ Anti-falling shelves

Our cupboards are equipped with shelf-support frontal and upper anti-falling.

+ Anti-falling guides

The trays of the furniture are delivered with anti-falling rails that guarantee a maximum security.

+ Shockproof handle

The doors are equipped with shockproof natural rubber handle. MAXIMUM SECURITY.

+ Reinforced tables

Tables with reinforcement structures. The panel/structure gives it robustness to the table as it distributes in equal measure the movements that the table can suffer.

+ Certificate AIDIMME

Furniture certified to the European standards and certified by AIDIMME.

+ Safe doors

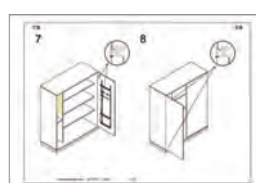

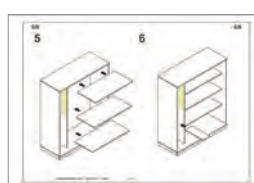

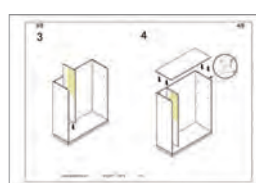

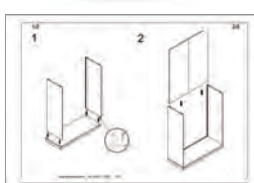

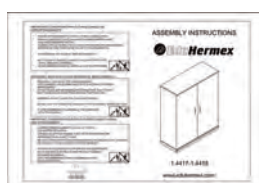

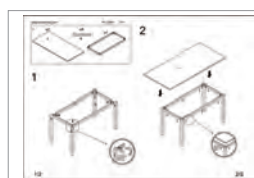

Furniture are equipped with hinges that slow up the closing of the door.

EDUHERMEX
CREATES,
BUILDS AND
SUPPLIES THE
UTMOST IN
FURNITURE
SAFETY AND
QUALITY.

CREATION.

It all starts with an idea. The R&D department designs a model. From this model, they make a prototype, which will either be approved or rejected. The approved models have a modern conception, good-quality, durable, ergonomic, innovative and functional.

ALL OUR FURNITURE IS SUPPLIED
WITH EASY ASSEMBLY INSTRUCTIONS
THAT **WILL ALLOW YOU TO
ASSEMBLE THEM YOURSELF.**

MANUFACTURING. SATISFACTION.

The components of the approved products go on to be manufactured in production shops selected by HERMEX IBÉRICA, S.L. Once built, they undergo regular quality controls that certify their compliance with the standards and specifications applied to furniture for children and schools by AIDIMME (Technological Institute for Furniture, Wood, Packaging and Similar), defining them as "Quality Controlled" products. These components go on to be assembled and packaged at HERMEX IBÉRICA, S.L. for subsequent distribution.

According to the customer's order, these articles will be assembled by the customer itself or by HERMEX IBÉRICA, S.L. staff. This entire system has been assessed by TÜVIntercert, as a result obtaining certification of conformity to the ISO 9001 standard for the Manufacture, Distribution and Sale of Equipment to Schools and other public-sector collectives since 17 May 2004.

Hermex is a compromised Company with the development and the environment. Integrates on its projects the continuous improvement by the quality and excellence. With this vision and the collective effort of all the working team, in date 2nd May 2011 HERMEX Ibérica obtained the **Certified to the Environmental Management ISO 14001** by TÜVIntercert.

MAGNET SYSTEM *Proved security* FOR DOORS OF CUPBOARDS

(Imandoor)

A safe option for all our
low furniture and cupboards with doors

The latch remains placed behind the front of the furniture, blocking the closed door with security. When we move closer the magnetic button to the door and we push, it remains automatically unblocked.

Complete set

1 IMAN-DOOR lock.
Delivered mounted on the door

Ref.

1.1455

Button to unlock the door

Ref.

1.1453

TOTAL SECURITY

Doors can only be opened with the magnetic button.

MASTER BUTTON

With just one button all the cupboards of the classroom are opened.

CONVENIENCE

Offers a total security and a big commodity for the educators.

DIMENSIONS

The button, thanks to its size, can be taken in the pocket. Dimensions of the button: Diameter 3.5cm, large 3cm.
